

### Some Scenes from the 2021- 22 Walks

1. The flood briefing during the first Letcombe Brook walk in August 2021
2. An impressive attempt by the swan parent to evict the second Letcombe group in April 2022
3. One of the half timbered houses of Radley in June 2022 – owned by our tour leader.
4. Richard Dudding briefing part of the group on the same evening
5. Most of the Oxford Architecture party paying attention to Victoria Bentata and not trying to keep up at this point!
